

Dear FCC:

As an XM Radio subscriber, I benefit from listening to XM Satellite Radio and its traffic and weather channels. I travel a great deal by car to Pittsburgh, Washington, D.C, and as far away as Baltimore and Delaware for my work. XM satellite radio provides me with a variety and quality of services that are not available elsewhere. Traffic and weather are especially important to keeping me safe and on time.

I pay for these services as a private citizen and it should not be up to the National Association of Broadcasters to dictate what I am allowed to hear. As a taxpayer, I urge you in the strongest possible way to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.

Sincerely,
